

# THE PERFMAN SOLUTION WINDOWS

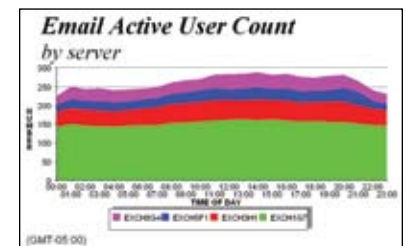

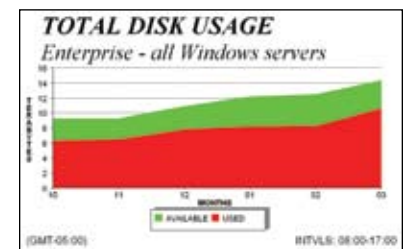

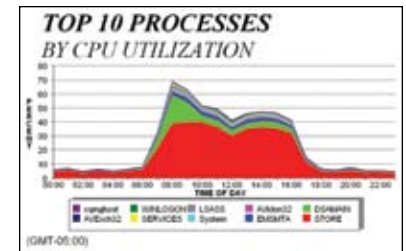

## COMPREHENSIVE PERFORMANCE CLARITY OF ALL MICROSOFT WINDOWS ENVIRONMENTS

### RELY ON THE PERFMAN SOLUTION FOR WINDOWS TO:

- Aggregate all Windows environment performance data.
- View graphical representations of all discovered metrics.
- Identify and remedy existing or potential bottlenecks that can interrupt service.
- Proactively manage capacity to avoid under-utilization of resources or insufficient service availability.
- Automate the collection and reporting of the immense volume of Windows performance data, freeing your IT staff to focus on higher level planning and management work.

### KEY BENEFITS OF THE PERFMAN SOLUTION FOR WINDOWS

- Perform enterprise-wide management regardless of platform or geographic location.
- Realize fast ROI via hardware, software licensing, and operational cost savings.
- Utilize fully automated analysis, reporting, and integrated web publishing for total control and visibility.
- Utilize advanced trending and forecasting capabilities to take the guesswork out of capacity management and operational budgeting.
- Take advantage of built-in analysis of popular applications, such as Exchange, IIS, SQL Server, .NET, Active Directory, SNA Server, Terminal Services, Microstrategy and more.
- Gain real-time access to Windows counters and availability alerts to eliminate bottlenecks before they impact users.
- Manage multiple systems, comprising thousands of servers for a single point of control.
- Accelerate ROI with the fastest deployment and time-to-value in the industry.
- Centralize control of your entire IT infrastructure to dramatically reduce administrative overhead and eliminate human error.

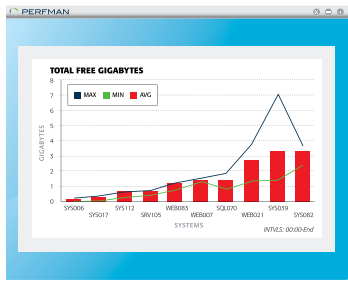

THE PERFMAN SOLUTION FOR WINDOWS INCLUDES:

**ANALYST**

*A Powerful Analytical and Modeling Tool*

Analyst provides deep drill down analysis and accurate forecasting through an intuitive, fast and flexible interface. Analyst helps you:

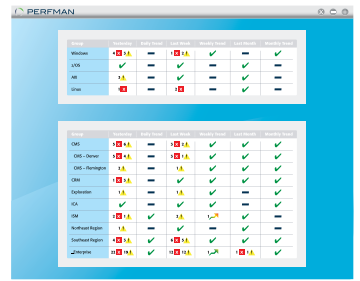

- Model infrastructure changes with advanced simulation tools
- View your entire infrastructure and identify problems before they impact your users
- Perform detailed trend analysis to accurately anticipate the needs of your organization
- Identify consolidation opportunities through the virtualization candidate selection tool
- Manage the entire physical and virtual infrastructure from deployment through retirement

**POINTVIEW™**  
*An Executive Dashboard*

PointView provides cross-platform visibility to the entire enterprise IT infrastructure through a single, easy-to-use interface. PointView helps you:

- Gain insight into your entire infrastructure via the web-based dashboard
- Produce sophisticated role-based reports and view resources by service, line of business, location, application, and more
- Quickly identify current and future problem areas
- Capture a snapshot of hundreds or thousands of multi-platform systems
- Compare and analyze key indicators across platforms to monitor performance

**VISIBILITY**

Combined with PERFMAN modules for VMware, Linux, UNIX, and IBM mainframes, PERFMAN delivers an end-to-end systems management solution that enables cross-platform modeling, management, and optimization of physical and virtual environments for total visibility.

**ABOUT PERFMAN**

For over 20 years, PERFMAN has been dedicated to helping our customers paint a transparent picture of their total infrastructure, analyze their environments and plan for the future.

PERFMAN was founded by innovative technology entrepreneurs with the intention of providing insight and foresight to the entire enterprise, with easy-to-use reporting and modeling tools. The legacy continues today as we continue to expand and improve upon our software solutions by aligning with our customers' requirements and emerging technologies.

We are successful, with the fastest time to deployment in the industry and 100% implementation success across hundreds of customers; we are visionaries, always staying one step ahead of technology; we are dedicated, ask any of our customers; and we are proven, with our highly-scalable, comprehensive cross-platform software solution.

Founded in 1987, PERFMAN is a privately-held company headquartered in Bethlehem, PA with offices around the world.
